Product Information

NovAcid®

19-19-19+TE

NOVACID 19-19-19+TE is a fully water-soluble NPK fertilizer enriched with trace elements. Its balanced NPK formula supports overall crop growth and development, with application through drip irrigation and root-zone sprinkler systems.

Balanced 19-19-19 nutrition with trace elements supports green, dense foliage, plant biomass and fruit development.

Product advantages

- Fully water-soluble for application through irrigation systems.
- Supplies balanced NPK and trace elements in one formula.
- Supports new shoot development and plant biomass.
- Supports green, dense foliage and productive branching.
- Supports fruit sizing and crop yield.
- Suitable for drip irrigation and root-zone sprinkler application.

Specific usage

For fruit crops, industrial crops, vegetables, orchids and ornamentals across different growth stages. Adjust application to crop nutrient requirements and soil conditions.

Application guidance

Reference crop	Vegetables
Total per crop cycle	72 kg/ha/cycle
Split applications	12 per cycle
Reference frequency	1-2 times/week

Distributor reference rates; adjust to the product label and professional advice.

Product characteristics

Pack sizes: 5 kg, 25 kg

Origin: Israel

Type: water-soluble fertilizer

Nutrient composition

Total nitrogen (N)	19%
Phosphorus (P_2O_5)	19%
Potassium (K_2O)	19%
Iron (Fe)	400 ppm
Manganese (Mn)	200 ppm
Zinc (Zn)	100 ppm
Copper (Cu)	40 ppm
Molybdenum (Mo)	40 ppm
